SOFTPULSEAI

Powering the Future of Healthcare with Intelligent Digital Solutions 🚀

At SoftpulseAI Technologies, we don't just build software — we craft intelligent systems that solve real-world problems and unlock long-term value.

🚀 About SoftpulseAI Technologies LLP: Driving Global Tech Excellence

🌍 Empowering the world with cutting-edge solutions in AI, Software Development, Healthcare Tech, and Intelligent Automation.

01 **Who We Are: A Brief Introduction**

SoftpulseAI Technologies LLP is a leading IT service provider dedicated to delivering innovative technology solutions that drive success for our clients.

02 **Full-Service IT Capabilities**

We offer a complete range of IT services, including **AI**, **software development**, **mobile/web applications**, **healthcare solutions**, **dashboards**, **marketing**, and **automation**.

03 **Focused on Innovation**

Our innovation-first mindset allows us to stay ahead in the rapidly evolving tech landscape, ensuring that we deliver cutting-edge solutions.

04 **Global Impact**

With our services, we aim to make a significant global impact, helping businesses transform and thrive in their respective industries.

05 **Commitment to Quality**

We emphasize quality and excellence in all our projects, ensuring that our clients receive the best possible service and outcomes.

06 **Empowering Businesses**

Our mission is to empower businesses by providing technology solutions that enhance efficiency, productivity, and overall growth.

📖 The SoftpulseAI Journey: From Vision to Innovation

👨‍💻 Born from passionate engineering minds, our mission grew from humble beginnings to powering global growth through purpose-driven technology.

Founded by passionate engineers

SoftpulseAI began with the mission to make technology work for people, focusing on innovation and problem-solving.

First product launch

We started with a single product — a custom-built Hospital Information System and Clinic Management System. It wasn't perfect, but it worked — and most importantly, it delivered value.

Early success

Helped a healthcare clinic streamline appointments, prescriptions, and billing, delivering real value.

Expanding horizons

Growth into sectors including e-commerce, real estate, and service industries, broadening our impact.

Serving diverse clients

Providing solutions to multiple hospitals and firms with customized platforms, apps, and automation tools.

Driven by innovation

Focused on building cutting-edge, customized software, automation, and marketing systems.

Established expertise

Recognized as a trusted technology and innovation partner with a dedicated expert team.

Building lasting relationships

Committed to delivering value through trust, partnership, and legacy-building.

🚀 Empowering a Smarter Tomorrow with Innovation & Purpose

🌐 Our Vision and Mission define who we are, what we build, and how we drive meaningful, intelligent progress for our clients and communities.

🧠 **Vision –Empowering a Brighter, Smarter Future Through Ethical Tech & Innovation**

🎯 **Mission — Building Intelligent, Scalable Solutions That Accelerate Growth**

🏥 Healthcare Tech Suite — Enhancing Patient Care in the Digital Era

SoftpulseAI delivers an advanced suite of healthcare solutions to enhance patient care, streamline operations, and boost provider engagement in the digital era.

01 ✅ **MedPulse – Clinic Management System**

- Streamlines appointments, billing, and prescriptions for outpatient clinics.,- Digitizes patient records for better accessibility and coordination.

02 ✅ **SoftPulse – Hospital Information System (HIS)**

- Manages complete hospital workflows including OPD/IPD, labs, pharmacy, and admin.,- Enables seamless, real-time coordination between departments.

03 ✅ **DocPulse – Doctor Scheduling & Communication**

- Automates shift planning and duty rosters for medical staff.,- Improves internal communication and team collaboration.

04 ✅ **PatientPulse – Patient Engagement App**

- Allows patients to book appointments, view reports, and receive health notifications.,- Supports WhatsApp integration for easy communication and follow-ups.

05 ✅ **AI Solution & BI Dashboards**

- Provides predictive diagnostics, real-time analytics, and AI-powered support.

06 ✅ **Whatsapp & chatbot automation**

- Engage patients with automated WhatsApp messages for reminders and updates.,- AI-powered chatbots handle FAQs, bookings, and 24/7 support.

🏥 Transform Your Hospital Management with SoftPulse HIS

🧩 One Unified Platform for Optimized Hospital Operations and Enhanced Patient Care

01 Centralized Management

Unify **patient records**, **staff activities**, **billing**, and **operations** under one system for seamless hospital management.

02 Faster Workflows

Automate **routine tasks** such as **patient admission**, **discharge**, **billing**, and **pharmacy stock updates** to save time and enhance efficiency.

03 Data Accuracy

Reduce manual errors through **smart validations** and **real-time data sync** to ensure that all information is accurate and up-to-date.

04 Enhanced Patient Care

Access complete **visit history**, **treatment plans**, and **diagnostics** from a single view to improve patient outcomes and satisfaction.

05 Customizable & Modular

Deploy the full suite or only the modules you need — **scale** as you grow to meet the unique requirements of your healthcare facility.

06 Interoperable & API-Ready

Seamlessly integrate with **AI tools**, **BI dashboards**, **labs**, **insurance systems**, and more for a connected healthcare experience.

07 Core Modules Included

🧩 Front Office & Reception Management, IPD / OPD Workflow Automation, Emergency & Casualty Handling, Nursing Station Interface, Laboratory & Radiology Integration, Pharmacy & Inventory Management, Operation Theatre (OT) Module, Consultation, Notes, and Case Sheets, Electronic Medical Records (EMR), Billing, Insurance & TPA Claims, Admin, HR & Staff Management, Role-Based Access & Audit Trail.

🩺 MedPulse: The All-in-One Smart Clinic OS

💡 Streamline appointments, EMR, billing & follow-ups — all in one cloud-based Clinical Command Center.

🔒 Role-Based Permissions

Manage access rights across doctors, receptionists, pharmacy, and billing staff with secure, audit-tracked controls.

🧩 Unified Clinic Platform

Seamlessly manage the entire clinic lifecycle — from appointments, EMRs, prescriptions, billing to follow-ups — in one system.

🔔 Follow-Up Automation

Auto-schedule follow-ups and send SMS/WhatsApp alerts to reduce no-shows and improve care continuity.

☁️ Cloud-Based & Secure

Encrypted access from any device — no installation or maintenance headaches, fully secure and scalable.

👨‍⚕️ Patient-Centered EMR

Complete digital record of each patient's visit, vitals, history, reports, allergies, and treatments — accessible instantly.

⚡ Smart Consultation Tools

Speed up consultations with AI-powered templates, reusable SOAP notes, favorites, and auto-suggested prescriptions.

🤖 Transform Healthcare with Intelligent Automation & Real-Time Insights

🤖 Deliver Smarter Care, Boost Efficiency & Unlock Insights — with AI Automation & Real-Time BI Dashboards.

🤖 AI-Powered Healthcare Solutions

1. Embedded AI modules that automate documentation, enhance decisions, and streamline care workflows.

2. AI-Generated Prescriptions & Operative Notes

3. AI-Driven Risk Assessment & Diagnostic Assistance

4. No-Show Prediction & Visit History Analysis

5. EMR Automation & Document Extraction

6. Consultation Chatbot & Patient Retention Intelligence

7. Predictive Monitoring for Patient Health

8. AI Nurse Care Plans & Triage Support

📊 Real-Time BI Dashboards & Operational Intelligence

1. Make informed decisions with real-time visual insights

2. Our BI stack turns clinical and business data into visual KPIs for doctors, admins, and decision-makers across departments.

3. Department Revenue & KPI Dashboards

4. Doctor & Staff Performance Analytics

5. Claims, Billing & Insurance Dashboards

6. Patient Flow, Drop-Off, and Funnel Reports

7. Custom Reports Builder & Data Exports

8. Smart Alerts & Threshold-Based Trigger

🚀 Empowering Smart Healthcare with Our Connected Mobile Solutions

DocPulse & PatientPulse — Seamless Care, Powered by Technology

AI Doctor

🩺 DocPulse — Doctor Scheduling & Communication

1. Create & Share e-Prescriptions

2. Access Patient Records & Visit History

3. Real-time Availability Management

4. Internal Messaging & Alerts

5. *View Patient Reports & Lab*

6. ManageAppointments & Availability

📱 PatientPulse — App for Patient Engagement

1. Boost satisfaction, streamline communication

2. Appointment & Follow-up Reminders

3. Secure Chat with Providers

4. Access to Prescriptions & Records

5. Feedback & Experience Ratings

6. Branded Clinic/Hospital App Interface

🧠 Our Other Core Expertise & Services at a Glance

🔧 From AI-powered automation to full-stack development — discover how SoftpulseAI delivers tailored, high-impact tech solutions across industries.

👨‍💻 Custom Software Development
🔧 Tailored CRMs, ERPs, portals & scalable tools that meet your unique business goals.

📱 Mobile App Development
📲 Sleek Android & iOS apps with seamless UX/UI and robust backend systems.

🤖 AI Solutions & Automation
⚙️ Intelligent bots, process automation & predictive systems for efficiency & accuracy.

🚀 WhatsApp, SMS & Chatbot Marketing
💬 Instant outreach via smart chatbots, bulk SMS/WhatsApp, & automation funnels.

📊 Dashboard & Analytics Development
📈 Real-time dashboards, KPIs & insight engines to drive smarter business decisions.

📣 Social Media & Digital Marketing
📢 Paid ads, content strategies, reels, influencer collabs & growth campaigns.

🌐 Web Development & Design
💻 High-performance, SEO-optimized, beautifully designed websites & web apps.

⚙️ IT Outsourcing & Support
👨‍💼 Skilled tech teams, DevOps, cloud support & 24/7 IT assistance on demand.

🔄 Comprehensive Engagement Lifecycle for Client Success

🎯 Driving client success with a clear, structured, and value-focused engagement journey from start to scale.

Discovery & Ideation

Align business needs with digital possibilities for project inception.

Design & Planning

Craft wireframes, architecture, and roadmaps tailored to goals.

Agile Development & QA

Facilitate rapid iteration and maintain continuous quality control.

Deployment & Training

Empower client teams with necessary training post-development.

24×7 Monitoring & Support

Ensure stability and optimization with round-the-clock support.

🧑‍🤝‍🧑 Industries We Serve at Other Than HealthCare

01 Automotive & Service Centers

‣ Workshop CRMs, job card systems, booking engines, feedback & loyalty solutions.

02 Retail & E-commerce

‣ Online stores, POS systems, customer analytics, inventory management, marketing automation.

03 Real Estate & PropTech

‣ Property portals, virtual tours, CRM, lead pipelines, agent dashboards.

04 Education & EdTech

‣ LMS, e-learning apps, attendance & test systems, content management, parent-student portals.

05 Manufacturing & Industrial

‣ Production dashboards, ERP, IoT integration, predictive maintenance systems.

06 Finance & FinTech

‣ Loan apps, fintech dashboards, KYC onboarding, payment solutions, finance bots.

07 Logistics & Supply Chain

‣ Fleet tracking, order dispatch, delivery optimization, warehousing & analytics tools.

08 NGOs, Public Sector & Government

‣ Citizen portals, campaign platforms, grievance systems, community reporting tools.

09 Agencies & Tech Startups

‣ Custom SaaS, MVPs, branded platforms, automation stacks, growth enablement tools.

10 ...and many more.

‣ Including hospitality, lifestyle, tourism, legal, energy, fashion, and emerging sectors where digital innovation matters.

🚀 How SoftpulseAI Drives Strategic Growth and ROI 💰

Unlock unprecedented business growth with SoftpulseAI's proven strategies, innovative solutions, and data-driven insights designed to maximize your ROI and drive sustainable success.
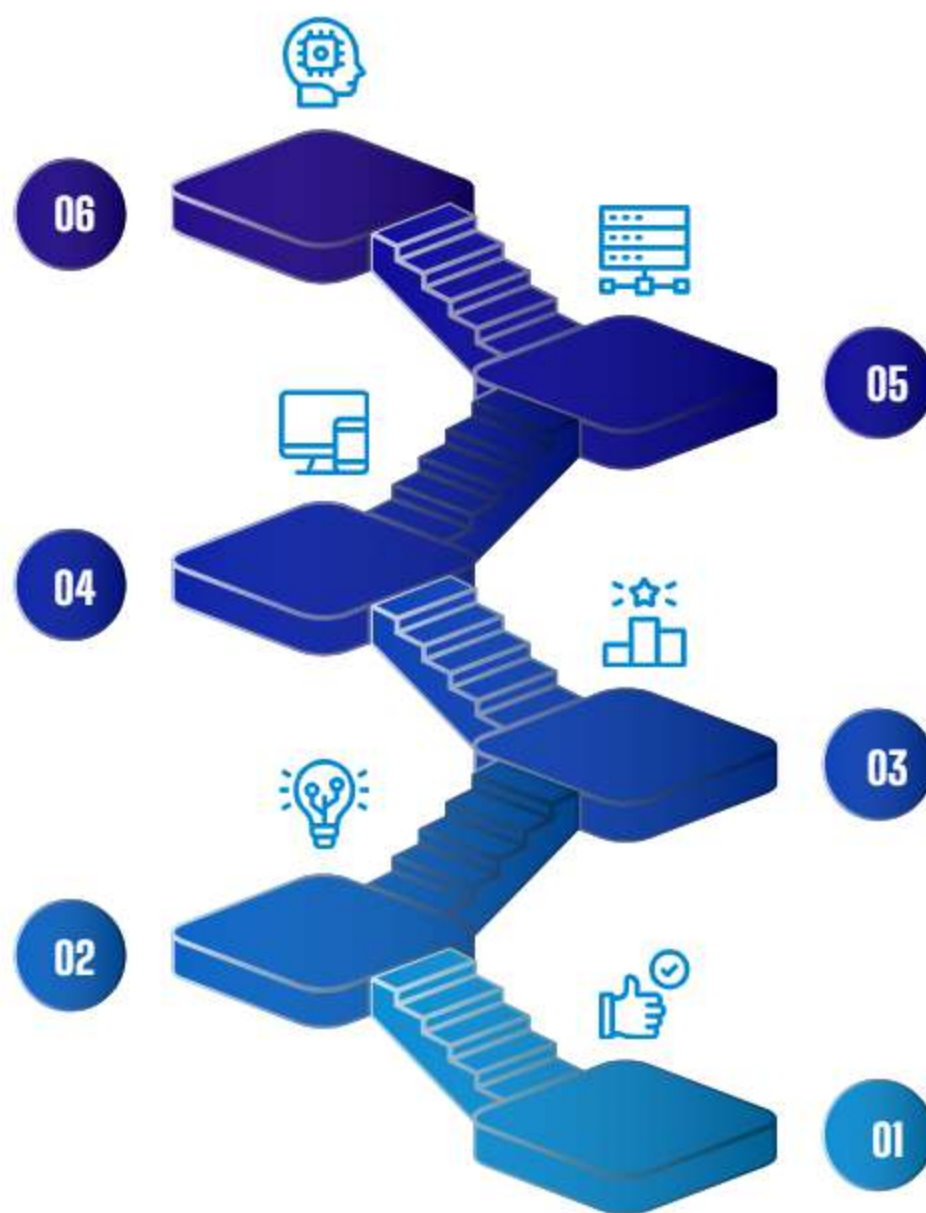

🧠 Leverage AI for Smart Operations

From AI-generated prescriptions to automated reports — stay ahead with intelligent systems.

06

💰 Deliver Measurable ROI

Modular builds, scalable systems, and targeted campaigns that convert and save.

04

💬 Enhance Engagement & Retention

AI-powered chatbots, WhatsApp marketing, and personalized user journeys.

02

🌐 Accelerate Digital Presence

05

Web, mobile, and cross-platform apps that elevate your brand visibility and trust.

📊 Make Data-Driven Decisions

03

Real-time dashboards and KPIs empower faster, smarter business moves.

⚙️ Boost Operational Efficiency

01

Automate workflows, reduce manual work, and enhance team productivity.

🌟 Why Choose SoftpulseAI as Your Digital Growth Partner?

🔍 Trusted by modern businesses to co-create innovative, scalable, and ROI-focused digital solutions.

📈 Strategic Technology Partner for Scalable Growth

💼 Partner with SoftpulseAI to unlock consistent business expansion, faster execution, and long-term tech alignment.

🤝 Co-Creating Success, Side-by-Side

👏 We build with you — not just for you. Every solution is designed in close collaboration to meet your real-world goals.

🏢 Deep Industry Know-How Across Sectors

🔧 From healthcare to fintech, retail to logistics — our domain expertise ensures every tool we build fits your business like a glove.

🧠 Tailored Innovation That Delivers

🚀 No cookie-cutter code. Just powerful, intuitive digital products that are agile, scalable, and built to grow with you.

🔄 Full-Cycle Delivery — From Ideation to Optimization

🛠️ We're there from start to scale — idea validation, launch, and continuous improvement with proactive support.
